

## Summary of Proposals

### Provisional Recommendations for Parliamentary Constituencies

1. Provisional Recommendations for new parliamentary constituencies in Northern Ireland are announced today. The Recommendations follow a Review by the Boundary Commission for Northern Ireland which began last year. The Commission propose that the number of constituencies should remain at 18 and recommend significant changes to some boundaries. The proposed constituencies and their electorates are shown in Annex A.
2. The Commission have sought, however, to limit the number and scale of proposed boundary changes and to preserve the integrity of local government districts (LGDs) and district electoral areas (DEAs) wherever practicable. There are 26 LGDs. There are 101 DEAs (groups of wards for which councillors are elected to district councils). It is inevitable, given the changes in the distribution of the electorate since the last Review, that the Commission's proposals continue to divide a number of LGDs and DEAs between constituencies. However, the Commission's recommendations maintain the integrity of all 582 wards in Northern Ireland. The electorates of each ward on the enumeration date (16th May 2003) used for the present Review are listed in Annex B.
3. The Northern Ireland Act 1998 provides that each constituency shall return six members to the Northern Ireland Assembly. Otherwise, the proposals do not affect the structure or arrangements for the Northern Ireland Assembly or those for local government, area boards or other public services.
4. In arriving at their Recommendations, drawn up in accordance with the statutory [Rules for Redistribution of Seats](#), the Commission noted that the electorates of constituencies in Northern Ireland varied on the enumeration date from more than 17% below to 16% above the average sized constituency electorate. The proposals provide that the electorates of all constituencies are within +/- 7.5% of the electoral quota at the enumeration date.
5. The effect of the recommendations and maps illustrating the proposed changes will be available for public inspection at district council headquarter offices, Area Electoral Offices, public libraries and at the offices of the Electoral Commission and the Boundary Commission from 6 May 2004. They can also be viewed on the Boundary Commission website, [www.boundarycommission.org.uk](http://www.boundarycommission.org.uk).

## **Representations**

6. The Commission are required to consider all representations whether objecting to or supporting the present proposals made within one month of publication of the Recommendations. Anyone or any organisation interested in the proposals is invited to make representations to the Commission by 7 June 2004. These representations should be addressed to the Secretary to the Boundary Commission for Northern Ireland, Forestview, Purdy's Lane, Newtownbreda, Belfast BT8 7AR. Representations may also be made by e-mailing: [bcni@belfast.org.uk](mailto:bcni@belfast.org.uk).

## **Public Inquiries**

7. Where the Recommendations alter any existing constituency and representations objecting thereto are received by the Commission from a council of a district wholly or partly comprised in that constituency, or a body of parliamentary electors for that constituency numbering 100 or more, the Commission cannot proceed with their Final Recommendations to the Secretary of State for Northern Ireland until a public local inquiry has been held in relation to that constituency. If after that inquiry the Commission decide to alter their recommendations, the Revised Recommendations must also be published, but a further local inquiry is not obligatory.

## **Electoral Quota**

8. The Commission gave public notice of their review on 16 May 2003. On that date (the enumeration date for the purpose of the Review) there were 1,097,450 registered parliamentary electors and 18 constituencies in Northern Ireland. The average number of constituency electors was therefore 60,969. This figure is the electoral quota to which by law the Commission have had to work.

## **Number of Constituencies**

9. Rule 1(4) of the Rules of Redistribution of Seats states  
  
"The number of constituencies in Northern Ireland shall not be greater than 18 or less than 16 and shall be 17 unless it appears to the Boundary Commission for Northern Ireland that Northern Ireland should for the time being be divided into 16 or (as the case may be) into 18 constituencies".

10. The Commission are of the opinion that they would be justified in recommending a number of constituencies other than 17 only to reduce or alleviate difficulties experienced in applying the Rules for Redistribution of Seats on the basis of 17 constituencies. In the course of their deliberations the Commission gave careful consideration to a number of schemes according to which the electorate might be organised into 17 constituencies. However, in their view each such scheme posed substantial difficulties in relation to the application of the [Rules for Redistribution of Seats](#), in particular with regard to inconvenience to electors and the significant disruption of local ties. The Commission's Provisional Recommendations are that there should continue to be 18 constituencies in Northern Ireland.

## Recommendations

11. The Commission looked very carefully at the number of constituencies in Belfast, and having done so, concluded that there should be four constituencies in Belfast, the boundaries of which should be extended in a radial fashion. It is proposed that the Castlereagh Local Government District (LGD) wards of Cregagh and Wynchurch should be transferred from the Belfast East to Belfast South constituency.

12. The four Belfast constituencies have been extended as follows:

- **Belfast East** constituency to include the Castlereagh LGD wards of Ballyhanwood, Carrowreagh, Dundonald, Eler and Graham's Bridge. These wards are at present in the Strangford constituency;
- **Belfast North** constituency to include the Newtownabbey LGD wards of Collinbridge, Glebe and Glengormley, at present in the **South Antrim** constituency, and Cloughfern, at present in the East Antrim constituency;
- **Belfast South** constituency to include the Castlereagh LGD wards of Carryduff East and Carryduff West at present in the Strangford constituency, and Cregagh and Wynchurch, at present in the Belfast East constituency; and
- **Belfast West** constituency to include the Lisburn LGD wards of Derryagh, Dunmurry and Seymour Hill, at present in the Lagan Valley constituency.

13. As a consequence of changes proposed to the Belfast East and Belfast South constituencies, significant changes to the boundaries of the Strangford constituency are proposed and that the constituency should include the Down LGD wards

of Ballymaglave, Ballynahinch East, Crossgar, Drumaness, Dunmore and Kilmore. The wards at present form part of the South Down constituency.

14. It is proposed that the **South Down** constituency be extended to include the three Newry and Mourne LGD wards of St Mary's, St Patrick's and Windsor Hill at present in the Newry and Armagh constituency, and the Banbridge LGD ward of Loughbrickland at present in the Upper Bann constituency.
15. It is proposed that the size of the electorate of the Upper Bann constituency be varied by the transfer of the Craigavon LGD ward of Aghagallon to the Lagan Valley constituency.
16. It is proposed that the **East Antrim** constituency be extended to include the Moyle LGD wards of Bonamargy and Rathlin, Dalriada, Glanaan, Glenariff, Glendun, Glenshesk, Glentaisie and Knocklayd at present in the **North Antrim** constituency. It is proposed to alter the name of the constituency to **Antrim Coast and Glens** to reflect these changes.
17. It is proposed to alter the boundaries of the **East Londonderry** and **Foyle** constituencies by transferring the two Derry LGD wards of Banagher and Claudy from the Foyle constituency to the East Londonderry constituency.
18. No changes are proposed to the **Fermanagh and South Tyrone**, **Mid Ulster**, **North Down** and **West Tyrone** constituencies.

## Designation

19. Expenses allowable to candidates at elections differ according to the designation of the constituency and the Commission recommend no changes be made in the designation of constituencies.

## Northern Ireland Assembly

20. The Commission no longer have a statutory duty to recommend the number of members to be returned to the Northern Ireland Assembly by each parliamentary constituency.

## Summary

21. The Provisional Recommendations reduce imbalances in the electorates of the Northern Ireland constituencies to within 7.5% of the electoral quota on the enumeration date. Throughout the Review, the Commission have borne in mind

the convenience of both electors and those who participate in and organise election campaigns and have sought to accommodate their needs as far as possible within the statutory [Rules for Redistribution of Seats](#). Accordingly, the Commission's Recommendations have succeeded in reducing the number of electors transferred to a different constituency to 65,450 representing under 6% of the total Northern Ireland electorate. The Recommendations seek to address the problem created by the decline in size of the electorates in the Belfast borough constituencies and increases elsewhere in Northern Ireland, since the last review of constituencies. By their proposals the Commission have sought to remove existing electoral inequalities and avoid dividing wards between constituencies.

## **Notes for Editors**

1. The Chairman of the Commission is the Speaker of the House of Commons, the Rt Hon Michael Martin MP. The Deputy Chairman of the Commission is the Hon Mr Justice Coghlin, a Northern Ireland High Court Judge. The other Members of the Commission are Mr Richard Mackenzie, CB and Mrs. Joan Ruddock, CBE.
2. The Commission are an independent and impartial body. The outcome of previous elections does not and must not enter their consideration when they are deciding their recommendations. Neither do the Commission consider the effects of their recommendations on future voting patterns or traditional loyalties and affiliations.
3. Publication of the Provisional Recommendations is the first stage in the process of preparing the Commission's Report to the Secretary of State for Northern Ireland. Taking into account representations which may be received, the findings and conclusions of any public local inquiries held and any other relevant information the Commission will consider whether to publish Revised Recommendations. If the Commission decide to do so representations will be invited on those Revised Recommendations but even if objections are received, the Commission are not obliged to hold further public local inquiries.
4. The Commission last reported in 1995. The present review complements reviews being undertaken in Great Britain by the Boundary Commissions for England, for Scotland and for Wales. The Reports must be laid before Parliament together with draft Orders in Council to give effect to the Commissions' recommendations with or without modification. Alterations

take effect at the General Election following the approval by Parliament and the making of the Orders.

5. Further information can be obtained from the Secretary to the Commission, Mr John Fisher, Tel: Belfast 028 9069 4800 (from outside Northern Ireland, 0044 28 9069 4800), the Commission's website [www.boundarycommission.org.uk](http://www.boundarycommission.org.uk) or by e-mailing [bcni@belfast.org.uk](mailto:bcni@belfast.org.uk).
6. **Representations on the Recommendations should be received by 7 June 2004.** The Boundary Commission cannot accept anonymous representations. Those who submit comments and/or representations should appreciate that such documentation will be made available for public inspection and may be produced at any relevant local public inquiry.
7. Anyone wishing confidentiality to be observed in relation to any such comments and/or representations or any part thereof or any supporting or accompanying material should notify the Commission of such a desire and provide reasons why confidentiality is being sought.
