### Keep the northern part of the Gransha Ward in Lagan Valley

We the undersigned electors and residents of the northern part of the Gransha Ward, currently in the Lagan Valley Constituency, wish to express our concern and opposition to the Boundary Commission's revised proposals to transfer our area to the South Down Consistency.

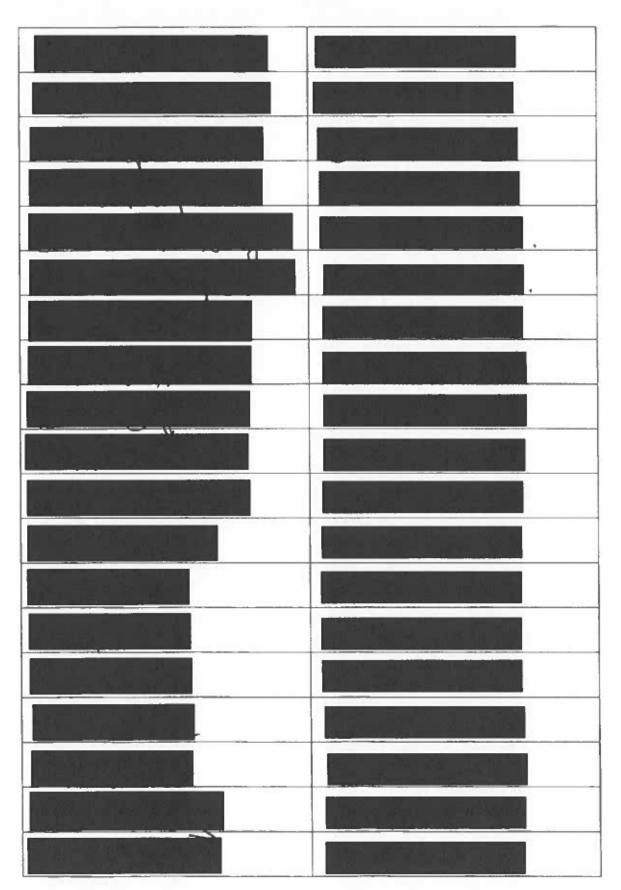

This opposition is on the basis, as set out in detail with the attached submission, that the transfer would result in a real and damaging breaking of local community ties in our area, in particular leaving it isolated and cut off from its two natural centres of community life, the town of Dromore and Village of Dromara.

Given this, we strongly request that Commission maintain the current Constituency boundary as it runs through the Gransha Ward, keeping the ward split between the Lagan Valley and South Down.
