Subject: HPRM: New boundary rejection

Hi,

My name is Stephen Arbuckle and I live in south Antrim. I reject in the strongest terms, the new boundary layout, which is obvious Gerrymandering. This can not be allowed, and to me, and many others it is an obvious pander to DUP wishes, and a direct insult to the majority who don't vote DUP. In my view, if this layout goes ahead it will prove the DUP are calling the shots, and leaves a very strong taste that there is corruption in this department. This new layout cannot be allowed to happen, and will be objected against in the strongest manner. You are at risk of taking away that little bit of trust there is left between communities, with this dishonest action. This idea is a disgrace, and everyone one of you involved should be absolutely ashamed of yourselves.

Regards,

Stephen Arbuckle.
