I would like to register my objection to the Boundary Commission Revised Proposals 2018.

As a Nationalist voter I have grave concerns about the revised proposals. Should these changes go ahead four Assembly constituencies will be left without any nationalist representation. Thousands of nationalist votes will therefore count for nothing.

That is totally unacceptable and akin to gerrymandering.

The new plan lacks fairness and transparency and raises serious questions considering that the revised proposals serve only to benefit the DUP at the expense of Nationalism.

The commission must immediately return to their proposals of September 2016.
